Infographic format is a creative way to turn your resume into a timeline while using icons or other graphics to highlight the most important resume items. Either keep it simple by using timelines instead of bullet points and icons that describe each section, or use your creativity to create images of your expertise. Infographic resumes are also the perfect excuse to add some color to your resume. Create charts with one or two colors, or add a color background to each icon. You don't have to be a designer to have a fun resume. Use one of our infographic resume templates to get you started. Free and easy template, professional design is just an email away. Start designing today. Or sign up with Google by signing you up to our Terms of Service and Privacy Policy page of 12 many other employers seeking standard requests and wait application models. Currently, they are investigating applicants on social media, visiting their personal sites, and accepting more creative work applications. Watch: Graphic Resume Design Tips Create Infographic Resume Infographic is a creative way to show employers why you deserve your attention. While infographic resumes generally shouldn't replace standard resumes entirely, they are perfect for bringing to interviews, publishing on your site or social media pages, and connecting to email applications. But if you're not a designer through business, how can you create an infographic resume that impresses employers? Easy: Start with an customizable infographic resume template. Here are 20+ infographic resume templates you can use, along with some design tips to help you make a great impression. You're not sure what an infographic is? Our beginner-friendly includes a definition of infographics and simple examples. 1. Spice up traditional resume templates with subtle visuals maybe you feel comfortable straying too far from the traditional template, which is perfectly fine! You can still add a dash of creativity to your visual resume with some simple (and strategic) visuals. At Venngage, we have very big fans of icons (which is why we have over 40,000 of them available in our library) when it comes to your graphics resume, you can use an icon to help your header sections stand out. Use this infographic resume template you can also combine a simple bar chart to showcase your skills, such as Subtle Visual Resume: Use this infographic resume template or this: Use this INFOGRAPHIC Resume Watch Template: How to Customize This Graphical Resume Template [Venngage Tutorial] 2. Visualizing your interests and skills using infographic resume charts gives you the opportunity to present your qualifications in an intuitively attractive way. Look for dates, numbers, and key points in your graphics resume and use charts to visualize them. For example, use a cloud word to visualize your interests, or where your expertise lies. Or you can use doughnut pie charts to rate your experience level for different skills, such as in this visual resume: use this INFOGRAPHIC resume template with Venngage, you can use more than a dozen different types of charts to spice up your infographic resume template. Create your own infographic resume 3. Adding a decorative border to your infographic resume format is an easy way to make your resume template more eye-catching. Start by picking up an image for your border. Then, use a rectangle icon for the area where you put your text: the result is an attractive resume that says a little more about your character than a simple old document: use this infographic 4 resume template. Using a mind map to highlight the most positive features of your infographic resume will give you the opportunity to creatively demonstrate your competence. One way you can do that is by creating a mind map of your most marketable feature. Use a circle with a central idea in the center (or a picture of you!) and branch out with different talents, personality traits and skills that make you a desirable recruit. You can also use icons to show any quality, such as in this highly intuitive resume: use this INFOGRAPHIC 5 resume template. Using a header image that relates to your personal goals or your industry is adding header attention to your infographic resume is not only an aesthetic choice, but also a strategic one as well: an image that reflects your chosen industry that will help run your own personal brand as a professional within that industry. Using this INFOGRAPHIC resume template is another option to use an image that reflects your personality and interests. This will give employers an idea of who you are and if you fit into your corporate culture. Use this INFOGRAPHIC resume template if you want your text to stand out from the header image, try this simple image hack: use a semi-transparent filter to cut the color in your header image. To create this work, place a rectangle icon on its header. Then, set the opacity icon to show the header image through. This will make your header text easier to read. 6. Not afraid to add a bit of color on your resume color on the resume is not necessarily non-professional. Contrasting colors can be used to emphasize the header and key text. If you are adding a border, header or images to your resume design, make sure the color scheme is compatible. Look for a dominant color of your images and use Emphasize for the text you want. For example, this infographic resume template uses a shade of blue that matches the sky for headers: use this INFOGRAPHIC resume template to draw the exact Hexy code for a color, you can use a tool like ColorZilla. Then, paste the Hexy code into the Venngage Color Selector Tool. Easy peas. 7. Use a creative font for your infographic resume header that reflects your personal brand for the most part, it is best to stick to a simple, readable font for your infographic resume. Your header font, on the other hand, is a good chance of getting a little more creative. Different fonts have different characters. If you're not sure what to choose, look at the types of fonts commonly used in your industry and use one. For example, companies in the tech industry tend to use glossy fonts, Suns Cereiff. But news and print publications tend to use serif fonts. Strategically picking your fonts will help you to seem like a better fit for the jobs you are applying for. Use this infographic resume template if you are using Venngage to create your own infographic resume, you will choose over 140 different fonts! If you don't find something that fits your fantasy, you can upload your own fonts as well! 8. Use resume timeline to show your career progress and achievements Do you work a direct route from school, made your opportunities, or even changed jobs? Resume Timeline is a great way to showcase your professional growth. Timeline infographics are an attractive way to visualize information over a period of time. A timeline resume will help paint a picture of your experience in the reader's mind. Use this infographic resume template to use this infographic resume template you can even use icons to show and emphasize different points in time, such as in this infographic resume format: use this infographic resume template 9. Use a monochrome color palette for a sleek, professional infographic resume maybe you don't want a bright infographic resume and punch. You might want something less said and more beautiful, the infographic monochrome resume format can help you look confident and organized. Choose a color for your resume like blue or green and use different shades of the same color. Or simply do shades of grey. Use this infographic resume template using this infographic resume format 10. Using a bold background color in your graphics resume design is a simple but effective way to make your resume design stand out is to use bold, eye-catching background colors. The color in the resume should communicate the effect you want on the hiring manager. For example, according to color theory, colors such as orange, yellow and red determine communication, energy, intellect and creativity. Use this infographic resume template as a rule of thumb. use dark text on brightly colored backgrounds, and vice versa. 11. Choose a contrasting bright color for your infographic resume header if you don't want to Your whole The background is a bright color, you can only header to resolve. Pop color will help catch an eye on your name, without overcoming the rest of your graphic resume. To create a sense of balance, use the same color as your header along the foot of your resume. Use this infographic resume format 12. Emphasize important information with icons because of simple icons, compact visuals, they are perfect for embellishing their infographic resumes. Not only do they make your resume design more interesting, they also help clarify and emphasize information. For example, the icons of this infographic resume template make it easy to scan quickly for information. That may well come in handy for employers, who often have to sift through hundreds of applications: use this INFOGRAPHIC resume template 13. To separate yourself, use an unconventional graphics resume layout if you're applying for a job in a creative context, you can showcase your creativity by building a resume that defies expectations. The key is to make sure your information is still easy to read understanding. For example, this creative resume for graphic designers uses different color blocks to organize each section. The header's white background catches the first eye, so that the design is still looking for logical reading order: use this INFOGRAPHIC resume template 14. Typography will make the central design element of your graphics resume if you want to design your graphics resume incorrectly next to the official, then you may be hessing to add too many visuals. In that case, you can embellish your design using fonts and some simple colored accents. For example, select a font with character for the name and headers of your section. Then, try using a bold color on your resume that contrasts with the background for your headers. Use this infographic resume template 15. The numbers featured in your infographic resume that back up your achievements if you want to make a good case for yourself, it helps to be able to support your achievements with numbers. For example, metrics such as sales numbers, customer satisfaction ratings, or completed tickets are all numbers you can highlight to show employers you mean business. Use large and bold fonts to highlight key numbers in your infographic resume. You can also put icons next to numbers to draw eyes to them. Use this infographic resume format 16. Creating a logo for your personal brand having a clear personal brand is more important than ever. In many cases, employers are looking to see if you have your own website or a solid social media following. So why drive home your personal brand and strengthen your authority with your logo? You can create a simple logo design using icons and fonts, such as in this infographic resume format: use this INFOGRAPHIC resume template want something more complicated? Our logo maker can help. 17. Split your graphics resume into two columns for an unconventional layout if you want to try using an unconventional layout Your resume - but nothing too crazy - organizes your information into two columns. While most other resumes will follow a standard left-to-right reading template, yours will stand up for its creative layout. For example, you can create an eye-catching photo sidebar, rather than a photo header. This simple placement switch makes the resume design look new and different. Use this infographic resume format 18. Using a mutant color scheme to design a modern resume Do you want your personal brand to have a sleek, minimalist aesthetic? Then you may want to steer clear of bold, bright color schemes and use mutant tones instead. Instead, opt for soft shades of grey and beige. To avoid your design from looking bland, add a subtle accent color on your resume, like orange pop in this format: use this infographic 19 resume template. Includes a section that highlights your original qualification similar to how you include a summary of yourself at the top of your resume, you can also include a section with outstanding key for employers to consider. You can include information like your strongest skills, the most important positions of your past, and your career goals. When creating a graphic resume, consider an contrasting background color to help your highlighter stand out from the rest of the page. Use this infographic resume format 20. A statement using bold color on your resume and dark background color Do you want your resume to really stand out from the competition? The colors on the resume, especially the bold, brave color scheme, will definitely set your resume apart. If you are applying for a job in a creative context, then taking the risk with your resume color scheme may pay off. For example, this neon and black resume template definitely stands out from the rest: using this INFOGRAPHIC resume template this creative resume would be perfect for a graphic designer, for example.
